# Night Sky Network

## A night under the stars!

Dates: Feb 12, March 12

April 16, May 21, May 29

Fridays 8-10pm

Rain dates on Saturday

Member Fee:

\$5 per person

Non-Member Fee:

\$10 per person

No RSVP Needed

Come out and spend an evening at the Tatem Observatory with Bernie Hosko, our night sky guru as he and his dedicated team of night sky hawks have you observe the furthest object that the unaided human eye is capable of seeing, the Andromeda Galaxy and M31, the sister galaxies to our very own Milky Way !

Our 565 acres of forest provides a unique, light-free oasis that is perfect for viewing some of the spectacular night sky events. As a member of the Night Sky Network, we'll be offering a unique "Explore the Universe" program twice a month. Don't miss out on this amazing opportunity!

We will meeting at the Camp Headquarters Building and walking to the observatory as a group.
