

MEET LAKE STOCKWELL'S PRESCHOOL CAMP DIRECTORS!

Summer is finally almost here! I want to introduce our preschool camp directors, Miss Terri and Miss Kristina. These ladies are planning a safe, fun and exciting summer for your camper's and they cannot wait for the memories we will soon create. As we move through the spring, please let me know if there is anything I can do to make your camper's experience better than ever.

See you soon!
Your Friend,

Lynn Passarella
Day Camp Director

Hello, I'm Terri and I will be working at Preschool Camp at Lake Stockwell Day Camp this summer. I graduated from Rutgers University with a Bachelor's degree in Childhood Studies; I also hold an Associate's degree in Early Childhood Education from Camden County College. I have been working with children for

I'm Kristina and I can't wait to get started at Preschool Camp this summer at Lake Stockwell. I live in a small countryside town in Cheshire, England. I am the youngest of four sisters who, despite living in different parts of the UK, get together as much as possible. All of my sisters have children, and I have

more than 15 years. I attended Camp Matollionequay from ages 7 to 16 and this will be my first summer working at YMCA of the Pines. I truly have a passion for working with children, and I'm currently employed as a special education substitute high school teacher for Philadelphia Charter Schools.

My favorite children's books are "Were the Wild Things Are," by Maurice Sendak, "The Giving Tree," by Shel Silverstein, and "Stelluna," by Janell Cannon. My favorite things to do in the summer are going to the beach, camping and traveling. My most memorable camp experience was receiving the Green Feather award as a Cherokee camper many years ago. It was a proud moment - and I'm delighted to be returning as a member of the staff this summer.

been very involved with each and every one of them since they were born.

I have always had a yearning to experience American culture. And I believe that summer camp is as American as America can be! I am most excited about meeting new people, and being part of a team that works together to enable children to have fun, enjoy adventure and develop confidence.

In the non-summer months, I live at home with my mum and dad. To me, family is very important because without them, I wouldn't be the person I am today. While at school, I spent some time on a placement in a preschool nursery, where I worked with children between the ages of 1-4.

In my spare time, I enjoy taking my nieces to the seaside, where we ride our bikes, eat ice cream and splash around in the sea with the dogs. I am particularly excited that I taught one of my nieces how to swim! I love watching rom-coms and catching up with my friends. My proudest achievement so far is receiving my gold certificate in figure skating.

I am very excited to start my next big adventure at Lake Stockwell Day Camp this summer!
