THE RETURN OF INTERNATIONAL STAFF

I am proud to announce that in 2022, we expect a full return to our international staff program! Due to the pandemic, the last two summers have prevented us to host our program at its capacity.

Our international staff programs provide our campers exposure to different cultures, unique activities, and a full committed summer (a camp director's dream).

I have already hired many staff from the following countries: Poland, Brazil, England, and Turkey.

NEW STAFFING STRUCTURE!

Each grade level is supervised by a Unit Director. They are responsible for managing group dynamics, behavior management, communicating with our camp families, and more.

Each grade group has a Head Counselor and 3-4 Support Counselors. While our Unit Directors and Head Counselors will remain with the same group throughout the summer, Our Support Counselors will change from group to group every week. Your camper will have the opportunity to meet and be cared for by a variety of staff.

We do this so our campers feel part of the greater camp community, and get to know and recognize a number of staff rather than a small few. This is important for all of our campers, as younger campers will recognize more friendly faces and feel more comfortable at camp, and our older campers will get to meet more staff and be a part of a larger camp community. This also helps staff remain energized throughout the summer.
